

MONVISORD

DOSING SETTINGS ON ROUND DISPLAY

The Monviso Water Tower Dispenser is the perfect solution for restaurants and cafeterias that are looking for a simple and compact dispensing point.

Equipped with a built-in pre-dosage system, it can be easily combined with any type of undercounter dispenser in order to get a space-saving and efficient system.

Both front and back panel are fully customizable and easily interchangeable with our "Magnetyco System". This innovative system also makes cleaning easy.
